

TRADEMARK HARDWARE

WORLD OF QUALITY HARDWARE

US3/605-Bright Brass

Especially suited for traditional interiors, Hager's Bright Brass finish gives door hardware a polished appearance of elegance.

US4/606-Satin Brass

Hager's Satin Brass finish offers a more subtle appearance of brass that blends well in many decors, yet still provides a touch of sophistication and elegance.

US5/609-Antique Brass

With a warm, mellow glow slightly highlighted with a discreet blushing, Hager's Antique Brass finish blends with a wide range of interiors.

US10/612-Satin Bronze

This finish provides a subtle, sophisticated appearance that's warmer than Satin Brass, but just as suitable for many environments, from traditional to transitional.

US10A/641-Antique Bronze Lacquered

Giving a weathered, aged appearance, Antique Bronze Lacquered finish offers the advantages of a popular use-anywhere finish without the upkeep.

US10B/613-Antique Bronze Oiled

This finish features a dark brown patina that's manufactured without a protective coating to help the finish continue to age.

US15/619-Satin Nickel

Satin Nickel finish offers an attractive alternative to our Satin Stainless finish with a similar yet warmer, richer tone that's suitable for a wide range of settings.

US15A/620-Antique Nickel

Much like our Antique Bronze finish, Antique Nickel features a dark-brown patina with a weathered, aged appearance that blends into many different types of spaces.

US26/625-Bright Chrome

This highly polished and popular finish bridges the gap between modern and retro with a look that's both sophisticated and timeless. Also resistant to corrosion.

US26/626-Satin Chrome

Satin Chrome gives our products the sleek modern look of Satin Stainless but in a slightly darker hue that's adaptable to many different decors.

US28/628-Clear Anodized Aluminum

Cool, clean, crisp; that's the utterly modern profile found in Hager's Clear Satin Anodized finish. The soft patina is perfect for contemporary spaces and more.

US32D/630-Satin Stainless

Satin Stainless finish helps give interiors a quintessentially modern look that's ideal for business, institutional and educational settings.

USP-Prime Coat Paint

Right from the packaging, Hager's Prime Coat Paint finish is ready to be painted the interior color you select.

LS/689-Luma Sheen Aluminum Color

This finish replicates the warmth and feel of Satin Chrome and aluminum at a fraction of the cost.
